This is the second pool we've owned but it's the BEST POOL we've owned. The first pool was a concrete pool and it was so difficult to take care of. With our Mermaid Pool it's been so easy! We have a friend that also has a Mermaid Pool and he told us how low the maintenance was. That was so important for us because we're so busy with the kids and all their activities. I was really nervous about getting a pool but now I'm so glad we did! It's expanded our living area. And Mermaid was so awesome. Everyone was extremely helpful. We would absolutely recommend Mermaid Pools and we have!

Our new pool was the best money we ever spent! We now enjoy our backyard and summer kitchen with friends and family almost every day! Mermaid's level of service was excellent. The whole process was a great experience. And the pool is so easy to maintain, we almost feel guilty. Our neighbors have a concrete pool and they spend \$200/month on a pool service. Our Mermaid Pool is almost like zero maintenance. In one year all I've done is put in 2 bags of salt and the chlorine and ph and alkalinity have stayed the same. Thanks Mermaid for all of your advice and help!!!!

"We loved Mark from the beginning. We loved his enthusiasm. Mark was so excited about the project. Other pool companies weren't. All they seemed to care about was getting the pool in and getting their money...We really felt Mermaid Pools met our expectations. We were very comfortable working with them. Everything went smoothly."

"...Thank you all for all your hard work. We are very happy with the way it all turned out and are well on the way to making the pool area into the tropical paradise that we imagined it to be. Everyone at Mermaid has been great to work with....Once again, thank you all so much for taking interest in making sure that your customers are happy with your work. We would definitely recommend Mermaid to friends and family."

It's nice to know that our initial impression of Mermaid Pools was the right one. We talked with close to half a dozen pool companies before deciding who to go with. We felt comfortable with Mermaid Pools, from the first meeting with the discussion our budget and what we ultimately wanted to just this past weekend when they came out to just check on things. We cannot say enough about how wonderful this whole process has been. It's been spectacular! We have already recommended Mermaid Pools to three friends and neighbors who have been watching the installation progress. And, wow, if we had known our pool was going to be easier to maintain than a lawn, we would have done it sooner!

...It's been a year now and we are enjoying the pool more than ever. Care of the pool has been everything you have said. In one word...EASY! That was my biggest objection to having a pool. My time and costs to operate the pool is half or less of what my neighbors go through (with concrete pools). Our impression of you and your work is still outstanding and we consistently recommend you when the subject of pools come up! Thank you for all your help!

"It takes longer to put away the hose than to clean and maintain our pool! Ease of maintenance is great! The smooth surface lets you stay in your pool longer without your feet hurting....the finish is kind on your clothing (no snags)."

We are totally delighted with our pool and have recommended your company to several people already. Again we thank you for all your time and for the beautiful job you did! Everyone that worked on it were so friendly and professional...we are SO pleased with the work and service that we received. We are planning on spending this weekend poolside.

Thanks for the nice pictures. I am sorry I could not stop and revel in your accomplishments that day. It looks great. Just what we wanted. Thanks to all the team for all their hard work on our behalf.

Even though our pool isn't finished yet, I just spent an hour in it doing water aerobics after an extremely stressful day. There's something magic about the pool already. I feel like a new woman. Thank you to all of you for all you do in making things happen.

It was great working with Mermaid; we definitely feel the pool was well worth the wait. Sometimes I just walk out onto the deck and stand out there just because it's a nice spot to listen to the trees and the birds. And that's something I really didn't do before; we never really utilized the backyard. Now we're out there all the time, and we aren't even swimming yet. Please pass along my appreciation to Mark and Maria.

Anthony C, Eustis, FL

We are certainly enjoying the pool and have really enjoyed working with everyone at Mermaid Pools.

We have been nothing but pleased with the service and support from both you and Mark, and the painters. We are finally swimming now that our enclosure is finished. Thanks again.

Been about a year and loving the pool..your help was priceless...your technical expertise and assistance. Again thank you.

I would definitely recommend Mermaid Pools to family and friends. Mark Slaby's personal interest and his quality workmanship was superb. Maria also expressed concern and interest in getting a quality job done. We are enjoying our pool and have received many compliments. Mark and Maria are fine people and we wish them much success. If we can help towards that end by passing on the "great work," we will.

Everyone at Mermaid has been great to work with. I've said it before, but I was actually reluctant to send that first e-mail to Mermaid thinking our budget expectations would be laughable. From our first contact with Tracy and Mark, we were treated with respect and were never made to feel like our little pool was too small to bother with.

Don't ever hesitate to provide our contact information for a reference to future customers. We would love to encourage others to experience the same outstanding customer service we received from Mermaid....I can't say enough about the entire Mermaid team! You all really know the meaning of customer service!

THANK YOU! THANK YOU! THANK YOU! to the entire Mermaid team for our beautiful new pool! You guys rock!!!!

Ronnie & Chris W., Deltona, FL

We are really enjoying the pool. Everything is perfect. We love it. Thanks again,

Thank you for the finished job
You all did a good job. My regards to all.
Thank you very much.

Hope this note finds you well. We have had our pool for almost 2 years, and I have to say I am so impressed with just how easy it is to maintain it. I hate doing maintenance on anything, and our pool is nearly maintenance free---drop a couple chlorine tablets in every month or two (basically whenever I think of it), and throw the Aquajet in when there are leaves in the pool---THAT'S IT! There are always more projects to do around the pool area, but I'm happy to say cleaning the pool is never a project on the list! Thank you for helping us build our backyard paradise.
